

The expansion and fulfillment of your purpose will be accomplished in five powerful ways: 1) through powerful, proven processes to discover and clarify the laser focus of your dream and life message, 2) by developing the clearest and most compelling ways to communicate it, 3) by adding powerful shared revenue opportunities to fund it, 4) by completing the toolbox of transformational learning around your compelling message, and 5) by greatly multiplying your reach.

VISION

Why I am doing this.

My heart burns with passion and purpose for the vision God has placed within me to launch a global movement of transformed leaders who will multiply their own callings through partnership and technology to the 7-mountain spheres of impact in the world.

I have a can't-quit, "Caleb-spirit" mandate to make the next 15 years the most productive season of my life. I believe we must sharpen our Personal Leadership Effectiveness in this God-given window of opportunity in our lives and in the nations. And that's my Legacy Focus...to maximize your purpose and passion fulfillment as you empower thousands to say YES to theirs.
